**ELECTION WITH TRAVERSE**

Sir:

This is a response to the Restriction Requirements mailed February 23, 2005, and June 9, 2005.

Applicants elects to prosecute Invention I, claims 1-8, with traverse, since the basis for restriction is improper.

The only basis for restriction provided by the Examiner in the Office Action of February 23, 2005, was that the "process can be performed by hand". Process claims 1-8

recite a computer implemented method, which means that they cannot be "performed by hand".

Applicants now respectfully request that the Examiner withdraw the restriction requirement.

Respectfully submitted,

Paul Martin
